

PRESTON DAUB

Website Update & Redesign Brief

Developer Reference Document | Based on Client-Provided Change Documents

Client	Preston Daub
Website	https://prestondaub.com
Prepared From	6 Client-Provided DOCX Files (May 2026)
Pages Covered	Home, Navigation, Financing (5 sub-pages), Prospera, Sports Investments, Commercial Real Estate, Apply Now / Book Consultation Forms
Priority	ALL items are required changes unless marked optional

1. GLOBAL SITEWIDE CHANGES

These changes apply to every page on the website.

1.1 Page Transition Animation

Remove the black screen / fade-in animation that fires when the site first loads AND when navigating between pages. The client finds it unprofessional. Pages should appear immediately.

⚠ NOTE: Client is open to developer opinion on this — confirm with client before removing if you believe it adds value.

1.2 Navigation Menu — Restructure

The top navigation needs to be fully restructured. New menu order and structure:

- Financing Solutions (dropdown to sub-pages — do NOT keep a standalone Financing Solutions landing page; force users to pick a sub-page)
 - ↳ SBA & USDA Loans (rename from SBA Loans)
 - ↳ Equipment Financing
 - ↳ Working Capital
 - ↳ Line of Credit
 - ↳ Bridge Loans
- Prospera (dropdown)
 - ↳ Capital Raise
 - ↳ Advisory & Consulting
 - ↳ Pitch Deck & Presentation Services
 - ↳ Wealth Management
 - ↳ Tax Advisory (new — label may change)
- Commercial Real Estate (new top-level page)
- Sports Investments (existing)
- Mosaic Software (existing)
- Team

- About

⚠ NOTE: Delete the current standalone 'Financing Solutions' overview/hub page. Replace with direct sub-page navigation only.

1.3 Overall Design Direction

Every page needs a visual refresh. The current look is too plain — too much white, black, and gray. Client references <https://whiteoakpartners.com/> as an example of a polished, creative feel. Guidelines:

- Add color, branded graphics, and real photography throughout
- Reduce clutter — remove redundant copy sections, large empty boxes, repeated content
- Each page should feel distinct and visually engaging — not a basic finance template
- Use brand red (#C0392B or similar) as the primary accent color for headings, buttons, and highlights

2. HOME PAGE (index.html)

2.1 Hero Section

Current text: 'Working With People, Not Just Numbers / Trust + Strategy = Long-Term Results' — REMOVE both lines from hero.

New approach: Place the Preston Daub Instagram profile picture / logo graphic above the 'Apply Now' and 'Book Consultation' buttons.

Add a strong headline toward the top that conveys delivery for clients. Suggested copy:

"At Preston Daub, our commitment to working with people rather than just focusing on numbers goes beyond mere words; it's a core value of our company. Collaboration is our foundation, and we believe that fostering trusted partnerships aligned with our vision leads to sustainable, long-term success."

2.2 Slideshow / Image Carousel

Change or remove the current slideshow images — several look similar / repetitive.

REMOVE the text labels at the bottom of the slideshow images ('Financing', 'Prospera', 'Sports Investments', 'Mosaic') — this adds clutter.

2.3 'We Don't Just Advise' Section

Change this section headline to:

"Collaboration is our currency. When our clients succeed, we succeed."

2.4 'How We Create Value / Practical Solutions' Section

Move content from this section toward the top of the page. Use the following copy:

"Practical solutions backed by experience. Our advisors' trusted network and industry-leading partnerships offer unparalleled expertise and outcomes across their respective industries. Leveraging this network, we deliver strong results, long-term value, and trusted partnerships that form the foundation of future success."

2.5 Service Cards / Boxes Section

Update images in the service cards — several look the same. Add a new card for Commercial Real Estate.

Make Prospera card titles display in RED (same level as other cards — fix the card sitting lower than the rest, it looks misaligned).

Suggested card list: Financing Solutions, Prospera — Capital Advisory, Sports Investments, Commercial Real Estate, Mosaic Software.

2.6 'Practical Solutions Backed by Experience' Filler Section

Remove this section entirely — go straight to testimonials after the service cards.

2.7 Contact Form (Bottom of Home Page)

Change 'Expert Guidance / Personalized Solutions / Fast Response' badge text — update 'Fast Response' only (currently consistent).

REMOVE the line 'We'll follow up within 24 hours' from the form — client does not want to commit to this until lead notification emails are confirmed working.

Change 'Organization Type' field to 'Service of Interest' dropdown with these exact options:

- Financing
- Prospera Services
- Commercial Real Estate
- Sports Investments
- Mosaic Software
- Other

MAKE ALL FIELDS REQUIRED.

3. FINANCING SOLUTIONS PAGES

Changes below apply to ALL financing sub-pages unless marked for a specific page.

3.0 All Financing Pages — Global Fixes

- Remove the two animated/moving graphics that appear on each financing page (the decorative animated icons/circles)
- Remove bullet-point lists that add clutter — replace with cleaner box/card layouts
- Bottom section of each financing page: add real photos in the background of each box instead of plain gray — see per-page notes for specific image suggestions
- Change the bottom CTA / related-pages section to be consistent across all pages: add color, swap plain graphics for photos, and ensure 'SBA Loans' always reads 'SBA & USDA Loans'
- Rename 'SBA Loans' to 'SBA & USDA Loans' everywhere it appears across the entire site

3.1 SBA & USDA Loans Page

Remove the moving SBA graphic and the circle graphic on the right — they are not relevant and add clutter.

Replace the main SBA image with a collage: hotels, retail shops, business offices — not a plain 'SBA' text image.

Replace all body copy with:

"When seeking financing for small businesses, partnering with a reliable lender can significantly impact success. Preston Daub excels in providing tailored solutions for SBA (Small Business Administration) and USDA (United States Department of Agriculture) loans. By collaborating with the best in the industry, we ensure clients receive competitive rates and personalized service. Our commitment to understanding each business's unique challenges and goals allows us to craft customized loan options that build trust and foster long-term relationships."

Second paragraph:

"We also prioritize a streamlined and efficient application process, making it easier for businesses to secure funding. Navigating the complexities of SBA and USDA loans can be daunting, but with our focus on minimizing paperwork and reducing turnaround times, clients can access the funds they need without unnecessary delays."

Info boxes below copy: Reduce box size. Remove the paragraph below each heading inside the boxes (feels redundant). Add color/creative styling to the box section.

Make sure the page heading and introductory sentence include 'USDA' alongside 'SBA' everywhere.

3.2 Equipment Financing Page

Remove the graphic next to 'Equipment Financing' heading and the circle graphic on the right.

Change the sub-headline to: "Financing your equipment shouldn't be the most difficult part of the job"

Remove the current feature/benefit list (the 'if someone is applying for equipment financing they need the equipment' content). Replace with a 'Why Choose Preston Daub?' section using these six points as styled cards or icons (add color/graphics):

- Flexible Terms
- Fast approvals and funding
- Expert Guidance
- Competitive Rates
- Straightforward and easy process
- Long-term support

Remove the content in the blue box (lender commitments we cannot guarantee). Move the content in the red box toward the top of the page.

Remove the repeated section at the bottom that duplicates what was added above.

Bottom image for this page's CTA boxes: use a construction equipment photo (e.g. excavator).

3.3 Working Capital Page

Remove the two animated graphics.

Remove the bullet points with the X markers.

Replace main image: keep the 'small business person reviewing papers or on a computer' concept but use a different/better photo.

Replace body copy with:

"When it comes to securing the necessary funds to sustain and grow your business, choosing the right financing partner is crucial. Preston Daub is a premier provider of working capital loans, offering flexible solutions tailored to meet the unique needs of your business. With a deep understanding of various industries and a commitment to customer satisfaction, we pride ourselves on providing personalized service and a quick approval process. Unlike traditional lenders, we focus on the potential of your business rather than just credit scores, ensuring that deserving businesses gain access to the funds they need to thrive."

Remove the large over-copy section that repeats the paragraph above.

Remove the second redundant repeat section.

Keep the bottom boxes section but change layout — add color and a different graphic style.

Remove the final section that repeats what is above it.

3.4 Line of Credit Page

(No specific copy changes provided in client documents — apply all global financing page fixes: remove animated graphics, remove bullet clutter, add color/photos to bottom CTA boxes.)

3.5 Bridge Loans Page

Remove the two animated/moving graphics.

Remove bullet points.

Replace main image with something small-business focused — NOT people in suits.

Replace body copy with:

"When businesses face immediate funding needs, choosing Preston Daub for a bridge loan is a strategic decision that can facilitate quick access to capital. We specialize in providing tailored bridge loans that cater to the unique requirements of our clients, ensuring that our terms and rates align with your strategic goals. Our extensive industry experience allows us to understand the nuances of various business models, enabling us to offer flexible solutions that help you navigate your financial landscape effectively."

Second paragraph:

"Also, our commitment to exceptional customer service distinguishes us from other lenders. We prioritize open communication and transparency throughout the loan process, ensuring that you are well-informed and confident in your decisions. Our streamlined approval process means you can access the capital you need quickly, allowing you to seize opportunities without unnecessary delays."

Keep the feature boxes section but make boxes smaller and add graphics or color — less gray/plain.

Remove the final redundant bullet section.

4. PROSPERA PAGE (prospera.html)

⚠ NOTE: Client does NOT want partner/vendor company names listed anywhere on the Prospera page — they charge referral fees and want to keep those relationships private.

4.1 Page Top — Service Navigation

At the very top of the Prospera page, add a visually creative graphic/menu that lists all services with anchor-link buttons that jump the user down to that section:

- Capital Raise
- Advisory & Consulting
- Pitch Deck & Presentation Development
- Integrated Marketing Solutions
- Wealth Management

This should be designed — not a plain list. Use cards, icons, or a styled grid with color.

4.2 Capital Raise Section

Headline: "Capital Raise — Maximize Your Investment Opportunity"

Add a graphic/infographic showing the process steps:

- Initial Consultation → Information Gathering → Pitch Deck Creation → Present to Potential Investors → Secure Funding

Photo ideas: person creating a presentation on a computer, pitch deck slide example, consulting image, people watching a presentation.

Body copy (use as-is):

"Selecting the right partner for capital raise services is essential for companies looking to secure funding. Preston Daub excels in providing personalized service and clear communication, adapting our strategies to fit the specific needs of each client. We prioritize understanding your unique vision and effectively presenting it to potential investors, creating a collaborative atmosphere that strengthens your chances of success."

"Our extensive network allows us to connect you with the ideal investors, ranging from family offices to private equity firms. We also offer a comprehensive suite of services that guide you through the entire capital-raising journey, from initial consultations to the development of polished pitch decks that highlight your business's strengths."

Add 'Book Consultation' button at bottom of section.

4.3 Advisory & Consulting Section

Body copy (use as-is):

"Choosing Preston Daub for consulting and advisory work is a strategic decision that empowers businesses to achieve sustainable growth. Our team, comprised of former executives and industry leaders, offers tailored solutions that address unique challenges. We provide comprehensive business development strategies, from strategy creation and execution to startup advisement, ensuring alignment with your organization's goals."

Add a designed graphic/icon grid (with color and branding) for:

Industries Served: Professional Sports, Marketing, Technology/Software, Energy, Construction, Start-up Advisement, Financing

Services: Business Development, Strategy Creation & Execution, Financial Modeling, Advisement and Execution for Start-Up Businesses

Add 'Book Consultation' button.

4.4 Pitch Deck & Presentation Development Section

Copy (keep as-is):

"Unlock your company's potential through powerful pitch decks, design solutions, and visual brand development services. Our trusted strategic partner has successfully helped over 800 clients earn over \$150M in compensation and funding."

REDESIGN the graphic in this section — it must NOT resemble the strategic partner's own website design.

Add 'Book Consultation' button.

4.5 Integrated Marketing Solutions Section

Copy (keep as-is):

"Through our strategic partnership, we provide customized marketing solutions designed to meet the specific needs of each client. Our comprehensive marketing plans focus on driving growth while making the process seamless and efficient. With a proven track record of over 100 clients and 7,500 successful projects, our strategic partner is committed to delivering results and cultivating lasting relationships."

REDESIGN the 'Services' and 'The Process' graphics — must not match the partner's website.

Add 'Book Consultation' button.

4.6 Wealth Management Section

Add photo: person in a suit sitting at a desk discussing documents with a client.

Copy (keep as-is):

"At Preston Daub, we understand that effective wealth management is essential for achieving your financial goals. That's why we collaborate with a trusted financial planning professional who specializes in personalized services for individuals, families, businesses, and estates. With over 20 years of experience, this certified financial planner is dedicated to simplifying the complexities of financial management, ensuring that every client receives tailored guidance that aligns with their unique aspirations."

Add 'Book Consultation' button.

⚠ NOTE: Tax Advisory is a new sub-service under Prospera — label may change. Client to confirm final name. Add as a placeholder section for now.

5. SPORTS INVESTMENTS PAGE

5.1 Hero / Top Section

Use a creative hero image at the top — a collage/composite with a stadium, F1 car on a track, soccer field, etc. (similar to what was created for Instagram posts).

Add a sport-selection graphic/navigation at the top (like other pages) with anchor links to each sport section below. Should use photos, color, and brand styling — NOT a plain list:

- Soccer
- Cricket
- NHL (new — add to existing page)
- MLB
- NFL
- NBA

5.2 Main Body Copy

Use the following copy:

"Partner with Preston Daub in the world of professional sports equity investments, where passion meets opportunity and a smart play can lead to extraordinary returns. Our dedicated team specializes in navigating the landscapes of major leagues, including European Soccer, MLB, NBA, NFL, NHL, and Cricket. We have access to a wide range of investment options, from traditional market deals to exclusive off-market opportunities. With investments ranging from \$1 million to over \$1 billion, our seasoned professionals—including a former executive—bring invaluable expertise to the process."

"What sets us apart is our extensive network and trusted partnerships that grant us direct access to key decision-makers, ensuring a streamlined and efficient investment process. We believe in the power of collaboration, starting with a thorough discussion to understand your unique investment strategy. This enables us to curate opportunities that resonate with your financial goals."

Add 'Book Consultation' button below the main copy.

5.3 Per-Sport Sections

Each sport section should have:

- Current, relevant photos (real images of that sport)
- Videos can be added for effect where appropriate (e.g. F1 car racing video)
- Design should feel exciting and dynamic — investing in sports is fun, not corporate

⚠ NOTE: NHL is a new addition — create a section for NHL consistent with the other sports.

6. COMMERCIAL REAL ESTATE PAGE (new page)

This is a NEW page that needs to be created. Reference site for design inspiration: <https://whiteoakpartners.com/>

6.1 Visual Direction

Use high-quality photos of: apartment buildings, tall condo buildings, hotels — NO generic stock photos of people in suits.

Page must feel unique, creative, and professional. Add graphics and color to avoid a plain layout.

6.2 Page Copy

Intro:

"At Preston Daub, we specialize in connecting clients with exclusive off-market commercial real estate opportunities in prime markets. Our extensive network allows us to facilitate meaningful discussions and transactions between property owners and investors, paving the way for successful deals."

Our Approach section:

"While we are not licensed brokers, we pride ourselves on being trusted facilitators in the commercial real estate space. Our clients rely on us to navigate the complexities of the market and connect them with qualified investors"

and firms. We understand that each transaction is unique, and we tailor our approach to meet the specific needs of our clients and their prospective partners."

Exclusive Off-Market Properties section:

"Our clients benefit from access to a curated selection of off-market properties that are not available through traditional channels. This exclusivity provides a competitive advantage for investors looking to acquire prime real estate assets."

Building Relationships section:

"At the core of our business is the belief that strong relationships drive success. We foster open communication and collaboration between all parties involved, ensuring that each transaction is handled with transparency and professionalism."

Why Choose Us? — Style as a 3-column card layout with icons/color:

- Trusted Network: Established relationships with clients and investors
- Market Insight: Valuable industry knowledge and guidance throughout the process
- Tailored Solutions: Customized services for each client's specific real estate objectives

7. FORMS — APPLY NOW & BOOK CONSULTATION

7.1 Book Consultation Form (contact-us.html)

At the top of the form, add: "Quick Responses" (as a badge/label).

MAKE ALL FIELDS REQUIRED.

Remove 'Organization Type' field.

Add 'Service of Interest' dropdown with these options:

- Financing
- Prospera Services
- Commercial Real Estate
- Sports Investments
- Mosaic Software
- Other

7.2 Home Page Contact Form (Bottom of index.html)

Change badge text to: "Fast Responses" (not Quick).

MAKE ALL FIELDS REQUIRED.

Change 'Organization Type' to 'Service of Interest' dropdown — same options as above.

7.3 Apply Now Form (applynow.html)

MAKE ALL FIELDS REQUIRED.

REPLACE the current form entirely with a new simplified form. Include only these fields:

First & Last Name	Text input — required
Business Name	Text input — required
Years/Months in Business	Text input — required
Yearly Revenue	Text input — required
Type of Loan	Dropdown (required): Equipment Loan, Line of Credit, Working Capital, Bridge, Conventional

Add a conditional sub-section that appears ONLY when 'Equipment Loan' is selected:

- Manufacturer
- Model
- Year
- Purchase Price

⚠ NOTE: Each finance company has its own full application. This form is just to capture basics/lead info — keep it simple.
